Our vision here at Carolina: **Encounter and Respond**

Encounter the Greatness of God and Respond With all Your Heart exposing the character of God to Believers and the Lost, pulling of the blinders put on through the lies of our culture: allowing people to See Him Rightly, See Themselves Rightly, See Other Rightly and so Live Rightly. That they would have such an encounter with the true and living God, that they would move towards others in the their living environments, on campus, in our nation and around the world.
